The government has decided to restrict the crossing of the Schengen internal and external border temporarily, and to reintroduce border controls in order to contain the spread of the Coronavirus (COVID-19).

Only citizens of Estonia and holders of Estonian residency permits (or rights of residence) can enter Estonia, as well as foreign citizens with family members living in the country.

International road freight is exempt.

Foreigners are allowed to transit Estonia if travelling to their home country as long as they are not showing symptoms of COVID-19.

At the border control, travel documents and medical symptoms will be checked.

There are no restrictions for exiting the country.

The border control was reintroduced on 17 March 2020. The temporary restriction of border crossing will be in force until further notice, and the situation will be reviewed every two weeks.
