What do we collect

One page questionnaire (15 variables)

- Freight and passenger transport by inland transport modes
- Road safety
- Container transport (rail and sea)
- Short sea shipping

We make results available 10 month after the period.

Quarterly Questionnaire

- 13 variables selected for their quarterly availability among reporting countries
- Rail: freight (nat/int) and passenger transport
- Road: freight transport (nat/int), traffic, new registrations of brand new road vehicles, fuel deliveries, fatalities
- Inland waterways: freight transport (nat/int)

- We make results available 4-5 months after the period.

Dissemination of results

- This information is used and published in the ITF outlook
- Partly in the OECD factbook
- Is core information for calculating indicators
- Quarterly data used for our «Key Transport Statistics »
- All data is available on OECD.Stat
