the vaccination certificate against the SARS-CoV-2 virus with the complete vaccination scheme. Proof of immunization is valid if at least 14 days have passed since the completion of the vaccination scheme,
- negative result of the COVID-19 PCR test performed at most 72 hours or a negative result of the antigen test performed at most 48 hours before boarding (for those traveling by public transport) or at entry into the Republic Moldova (for those who travel with their own means),
- a confirmatory medical conclusion in the case of persons who have undergone COVID-19, in the period between the 15th and 180th day (6 months) or a confirmation of the presence of COVID-19 antibodies, valid for 90 days from the date of the investigation. Documents must be submitted in one of the Romanian, English, French, Italian or Russian languages.

Exceptions from the mentioned provisions are established for the following categories of persons, if they do not show clinical signs of respiratory infection or fever:
- children up to 12 years old;
- pupils / students aged up to 18 years old, who are going to take exams, who go to study in educational units / institutions on the territory of the Republic of Moldova or abroad, or who travel for activities related to the completion / organization / development of studies / participation in international competitions, with the presentation of confirmatory documents, as well as their companions
- persons traveling for health and humanitarian reasons, including the accompanying person, as appropriate (with presentation of confirming documents);
- cross-border workers entering the Republic of Moldova from Romania or Ukraine, as well as those from the Republic of Moldova employees of economic agents from the mentioned countries, who prove the contractual relations with the respective economic agents;
- holders of diplomatic, service, official and special passports, as well as holders of Laissez-Passer travel documents issued by the United Nations, including family members of diplomatic and consular missions and international organizations / missions accredited to the Republic of Moldova and / or personnel involved in providing humanitarian aid;
- persons in transit (not exceeding 24 hours from the date of entry registration in the Republic of Moldova), the transit itinerary will be established by the Inspectorate General of the Border Police;
- persons who are cited by courts / law enforcement bodies in Republic of Moldova and their legal representatives, as evidenced by confirmation documents.

Persons that will not present any of the above mentioned confirmatory documents will comply with the self-isolation regime with duration of 14 days. Also, it is obligatory to complete the epidemiological file, as well as the declaration on your own responsibility
to follow the 14-day self-isolation regime, in the declared places. People in self-isolation (quarantine) can discontinue this regimen after the 7th day if they perform a COVID-19 PCR test or a rapid antigen test and the result is negative.

**Drivers and service personnel engaged in road transport of passengers, with means of transport of more than 9 seats, including the driver's seat are exempted from requirements to comply with the self-isolation regime of 14 days and to hold a confirmative document as a negative COVID-19 PCR test, administration of the COVID-19 vaccine or confirmatory medical conclusion/confirmation of the presence of antibodies against COVID-19, with the condition that are not showing clinical signs of respiratory infection or fever.**

### Other:
Traffic through all crossing points on the Moldovan-Romanian and Moldovan-Ukrainian borders is open for international road transport of passengers and freight.
