Ms. Elene Shatberashvili

Dear Ladies and Gentlemen,

The International Transport Forum (ITF) has issued a publication stating that certain CEMT forms are required to be changed, with this requirement entering into force on 1 April 2009.

Slovenia took account of the required changes and numbered the following forms as follows:

- The Certificate of compliance with technical and safety requirements for a "EURO III safe" lorry, "EURO IV safe" lorry, "EURO V safe" lorry has been numbered beginning with **6...**
- The Certificate of compliance with the technical and safety requirements for a trailer has been numbered beginning with **7 ...**
- The Certificate on the roadworthiness test for a motor vehicle and trailer has been numbered beginning with **8 ...**

Please be informed that an error occurred while printing the CEMT forms for a Certificate of compliance with technical and safety requirements for a "EURO III safe" lorry, "EURO IV safe" lorry, "EURO V safe" lorry. The correct certificates are numbered starting with **6...** for example: 6000120.

The error occurred in the aforementioned certificates with numbers ranging from 0001001 to 0002000.

On these forms the first number of the registration number is incorrect i.e. it starts with 0 instead of 6 for example: 0000120.

We would kindly ask you to consider these forms as valid and inform the competent control authorities thereof.

Sincerely yours,

Prepared by:
Mojca Štampelj
