

Workshop on Motorcyclists Safety: Riding in a Safe System

Outline of the Workshop

Opening Session

9 June 2021

ITF workshop 'Riding in a safe system'

Wednesday 9 June 2021 2pm-3.30pm CEST	Thursday 10 June 2021 2pm-4pm CEST	Tuesday 15 June 2021 2pm-5pm CEST		Wednesday 16 June 2021 2pm-5pm CEST		Thursday 17 June 2021 2pm-5pm CEST		Wednesday 23 June 2021 2pm-5pm CEST	Wednesday 29 Sept. 2021 2pm – 5pm CEST
Opening Session	Motorcycling in the regions	Modal Shift and urban needs	Sustainable practices, work related issues and procurement	Vehicle safety, Protective Safety and ITS	Training, education and licensing	Road infrastructure and road environment By Invitation	Speed management, adapting speed and behavior to different environments By Invitation	Consolidation of Recommendations By Invitation	Closing plenary Public
Public	Public	By invitation	By invitation	By invitation	By invitation				
Horizontal issue : Child and Youth safety									

10 June – Motorcycling in the regions

1. China – Ms Bo Sui, Traffic Safety Research Sr. Engineer
Autoliv, China

2. India – Mr. Prashant Banerjee, Executive Director,
Society of Indian Automotive Manufacturers (SIAM)

3. SE-Asia – Mr. Johannes Loman, President,
Federation of Asian Motorcycle Manufacturers (FAMI)

4. Latin-America – Mrs Hilda Maria Gomez,
Consultant, Colombia

5. Africa – Mrs Tawia Addo-Ashong, Road Safety Lead,
World Bank SSATP

6. Europe – Mr. Antonio Perlot, Secretary General,
European Association of Motorcycle Manufacturers (ACEM)

7. North America – Dr. Jeff Michael, Research Associate,
Johns Hopkins University, USA

Q&A Moderation: Mr. Edwin Bastiaensen, IMMA

15 June – Sustainable Practices, work related issues and procurement

- Moderator: Claes Tingvall, Chair of the Academic Expert Group of the Global Ministerial Conference
 - Rapporteur: Samantha Cockfield, TAC, Australia
-
- ❖ Sustainability practices within corporations to include motorcycle safety
 - ❖ Best practices for fleet operators regarding purchase/procurement, fleet operation, fleet maintenance, training of riders
 - ❖ Role of rider clubs, industry associations and insurance companies
 - ❖ Engaging corporations in improving the safety of children and youth

15 June – Modal shift and urban needs

- Moderator: Claire Depré, European Commission
 - Rapporteur: Antonio Perlot, ACEM

 - ❖ Urban mobility : role of mopeds and motorcycles
 - ❖ What are the needs from the commuter including adults, young people and children
 - ❖ Safe route to schools
 - ❖ Balancing between public transport, 4Ws, 3Ws (Tuktuk), Powered Two-Wheelers, moto-taxi, e-scooter, soft mobility? Passenger transport and urban logistics.
 - ❖ What are cities' requirements to accept PTWs as a sustainable mode of transport ?
 - ❖ What is the role of PTWs in a multimodal trip, how to connect PTWs to public transport?
 - ❖ What is the future in terms of types of vehicles, propulsion technologies, infrastructure approaches
-

16 June – Training, education and licensing

- Moderator: Martin Winkelbauer, Kfv, Austria
- Rapporteur: Jesper Christensen, FIM

- ❖ Minimum Training Requirements (machine control, attitude, traffic rules) for license- related training; advanced training schemes.
- ❖ Education: Cultural values/Awareness campaigns (speed, alcohol, helmet wearing...) in low and middle income and high income countries
- ❖ Licensing: Lack of licensing or no mandatory requirement in some LMIC
- ❖ Graduated/progressive access to motorcycles

16 June – Vehicle safety, protective safety and ITS

- Moderator: Scott Armiger, IMMA
 - Rapporteur: Cecilia Sunnevång, Autoliv

 - ❖ Minimum vehicle standards, import of used vehicles/parts, incentives for corporations and stakeholders to require other than legal minimum vehicle standards?
 - ❖ Helmets and personal protective equipment:
 - ❖ New vehicle technologies : Which new vehicle technologies are under development today and what are the conditions for these new technologies to be successful in improving safety
 - ❖ Vehicle technical inspections
 - ❖ Improving the safety of child passengers
-

17 June – Road infrastructure and road environment

- Moderator: Greg Smith (IRAP)
- Rapporteur: Pierre Van Elslande, University Gustave Eiffel, France

- ❖ Infrastructure to prevent crashes
- ❖ Infrastructure to protect the riders
- ❖ Infrastructure to protect over vulnerable road users

17 June – Speed Management

- Moderator: Fred Wegman, Delft University of Technology
 - Rapporteur: Dimitris Margaritis, CERTH, Greece
-
- ❖ 30 km/h zones
 - ❖ Protecting children in school zones
 - ❖ Access regulation and geofencing for motorcycles
 - ❖ Technical solutions supporting speed compliance
 - ❖ Incentives, awareness raising and cultural change

Young People and Children

- Addressed in all sessions
- Rapporteur: Hilda Gomez (Colombia) and Jeff Michael (Johns Hopkins University, USA)

23 June – Consolidations of recommendations

- Working session with moderators and rapporteurs to review and consolidate the recommendations from each session

29 September – Concluding Session

- Public session
- Presentation of the final conclusions and recommendations

Joint VTI/ITF report will be published by the end of 2021

Enjoy the workshop 😊
