### Country: SWITZERLAND

#### 1.1. Number of Professional Drivers and Managers issued with CPC in the Country for the last 4 years

<b>CPC Manager</b>				
Goods transport	286	144	294	426
Passenger transport	184	114	195	266

#### Other useful information:

\* In Switzerland we do not have an initial training.<sup>1</sup> CPC is awarded on the basis of exams.<sup>2</sup> For this reason we can only provide you with information concerning passed CPC-exams. Furthermore, it is important to note that these numbers only indicate how many CPC-exams were passed but not how many were actually issued based on the passed CPC-exam.

\*\* Only general information about the total number of issued CPC's is possible here. The number does not distinguish whether the CPC is produced for passenger or goods transport. In addition, these numbers include all types of orders (new issuance after completion of the CPC examination, renewal after completion of periodic training, replacement order after loss or exchange of a foreign CPC resp. valid union Code 95 either on the driving licence or on the Driver Qualification Card).

The high number of produced passes of 2019 compared to the rest of the years can be explained by the fact that the end of August 2019 was the end of the continuing training period for goods transport. For this reason, many requested their CPC before August 2019.
