Other useful information:

As the data for initial qualification and periodic training concerning professional drivers is not available, the total number of drivers/year/goods/passenger has been notified.

As every road transport undertaking has to designate a transport manager according to Article 4 Regulation 2009/1071/EC who satisfies the requirement of professional competence, the total amount of road transport undertakings broken down into goods and passenger transport has been notified. The information on the CPCs for managers issued per year is not available.

* - Please indicate YES or NO in the appropriate boxes if the institution trains drivers, managers or both, if it offers examinations, delivers the CPC.

Other useful information:

The nine provincial governments are also responsible for the approval of the training centres for periodic training of drivers. See the links to their websites (except “Amt der Niederösterreichischen Landesregierung”) where the approved training centers are listed. These training centers issue a CPC certifying that the periodic training was completed according to Article 8 of Directive 2022/2561/EU. The Union code ‘95’ on the driving licence or on the driver qualification card according to Article 10 of Directive 2022/2561/EU is marked by the competent authorities of the provincial governments and not by the training centres.

1.4. Link to an electronic register of Driver CPCs in your country (if applicable)

The electronic register of Professional Driver Qualification in Austria (Berufskraftfahrerqualifikationsregister – BKFQR) is not open for the public. Therefore no link can be notified. In the BKFQR the total number of drivers/year/goods/passenger are saved (see 1.1. CPC Driver).
