Dear Secretary General,

I would like to inform you that the Czech Republic is compliant with the requirements of the Quality Charter for international road haulage operations undertaken under the ECMT Multilateral Quota.

Compliance with the Charter is achieved through Regulations of the EU and the implementation of appropriate Directives of the EU. The key international legal instruments are Regulation 1071/2009, Regulation 1072/2009, Regulation 561/2006, Regulation 165/2014, Directive 2002/15, Directive 2006/22 and Directive 2003/59.

The EU Regulations are supported by domestic legislation, especially the Law on road Transport, as well as the respective Labor Law.

In support of these laws, the Association Česmad - Road Haulage Association manages the Czech ECMT permit allocations. Česmad ensures that undertakings asking for permits meet all the requirements of the Quality Charter prior to the issue of permits. ECMT permits are only issued to an operator with a standard international operator's licence.

The check list has already been submitted to you via email prior to this letter.

Sincerely yours,

Mr. José Viegas
Secretary General
