**Application for recognition of Quality Charter compliance-statement**

We declare herewith that Finland is compliant with requirements of the Quality Charter for international road haulage undertaken under the ECMT multilateral Quota.

Compliance with the Charter is usually achieved through European Regulations and the implementation of appropriate European Union Directives. The key legal instruments are Regulation 1071/2009, Regulation 1072/2009, Regulation 561/2006, Regulation 1213/2010 and Directive 2003/59/EC. These regulations are supported by certain national regulations and provisions.

The Check list is submitted with this statement of compliance details the laws and/or administrative processes adhered to ensure that the provisions of the charter in country are met by Finnish holders of ECMT licences. ECMT permits are only issued to an operator with a standard international operator's licence.

Yours, sincerely,
