Quality Charter compliance under the ECMT Multilateral Quota

Country: LIECHTENSTEIN

National Authority: Office of Economic Affairs, Commercial Transport Division

Dear Madam / Dear Sir

We herewith declare that Liechtenstein is compliant with the requirements of the Quality Charter for international road haulage operations undertaken under the ECMT Multilateral Quota.

Compliance with the Quality Charter is usually achieved through European Regulations and implementation of appropriate European Union Directives. The key international legal instruments are Regulation 1071/2009, Regulation 1072/2009, Regulation 561/2006, Regulation 165/2014, Directive 2002/15, Directive 2006/22/EC and Directive 2003/59.

In support of these laws the Commercial Transport Division of the Office of Economic Affairs manages the Liechtenstein ECMT permit allocations. The Commercial Transport Division ensures that undertaking seeking permits meet the requirements of the Quality Charter prior to the issue of permits.

The document submitted with this letter details the laws and/or administrative processes implemented to ensure that the provisions of the Quality Charter are met by Liechtenstein holders of ECMT licences.

Yours faithfully

Markus Verling
Director
