

Notification by North Macedonia

Republic of North Macedonia
**Ministry of Transport
and Communications**

Department for Road Transport and Infrastructure

Archive number: 09-204/2 as of 02.02.2023

To: **OECD/ITF**
2 rue André Pascal, F-75775 Paris Cedex 16, France

Subject: **Notification regarding the issuing of ECMT licences for 2023**

Dear Mrs. Elene Shatberashvili,
Dear ECMT Members,

The Ministry of Transport and Communications of Republic of North Macedonia would like to inform you that the ECMT licences issued in 2023 by the Ministry of Transport and Communications of Republic of North Macedonia are filled in by hand with the NAME OF THE COMPANY and the CITY OF REGISTRATION.

However, in order to fully comply with the requirements of the ECMT guide, the ECMT licence should be filled in also with a FULL ADDRESS OF THE COMPANY, which is currently absent and not hand-written on the licences.

The Ministry has recognized the necessity to address this issue, since some country authorities specifically indicated to this omission and requested the licences to be completed with a full address of the company too.

To remedy this issue, Ministry instructed all the Macedonian transport companies to stamp the licences with their Company Stamp, with visible full address and the name of the company, completing the current hand-written information.

The process will take some time as the licences are in operation and cannot be stamped before returning to their headquarters in North Macedonia.

Therefore, the Ministry of Transport and Communications of Republic of North Macedonia would like to request a tolerance period until all the companies succeed with stamping the licences with the Company Stamp and is asking all ECMT Member countries to treat this request with leniency and transmit this information to their enforcement authorities.

Yours sincerely,
Vladimir Shutev 
Head of Department
