Dear Ms. Shatberashvili,

I am writing to you in connection with the supplementary sheet to the ECMT licence which is distributed together with ECMT licences every year. For the year 2020 the supplementary sheet was modified due to a change of the name of North Macedonia. Unluckily when the aforesaid change has been announced the Czech Republic had already printed the supplementary sheet for the year 2020.

In connection with above-mentioned I would like to kindly ask you to inform the group members about the issue regarding the supplementary sheet in order to avoid any problems.

~~Your sincerely~~
